

The "Green" Mass for the Care of the Earth and our Environment
(Weekend masses, October 4-5, 2014, in honor of the Feast of St. Francis of Assisi – October 4)

Annemarie Donjacour, Ph.D. (Assistant Adjunct Professor, UCSF and Saint John of God parishioner) will speak briefly at all three masses. This is particularly timely as Pope Francis is reported to be putting the final touches on an encyclical about the environment that will deal heavily with climate change and how some people are reaping the benefits of the earth without regard for the well-being of others. Anne is actively involved with several climate justice organizations working to create energy and environmental solutions that will ensure a better future for all.
